By Elizabeth Jones * Starpathways.com

Greetings! And **Welcome to *The Monthly Beacon*** for March! If you're new to TMB it is a concise (and free) overview of the month's key astrological events and influences (akin to the *ACM Beacon* but with some changes such as the box on page 2). We have quite a month ahead. Enjoy!

In Light ~Elizabeth

1: Overview: Key themes & areas of focus for the month:

"We must let go of the life we have planned in order to live the life that is waiting for us."

~Joseph Campbell

As I've been discussing since mid-2018 we are in a cycle of major endings leading to beginnings which continues this month. *Emphasized now is the inner and spiritual side of these shifts.* There is a special, almost surreal energy much of the month making it tricky at times to focus on the "real world" while the "other world" is asking: **"What are you willing/ready to let go of in order to live your life at a higher level?"** Such answers may come by the end of the month. Pay attention.

- **Mercury is retrograde** in elusive Pisces much of the month and **Uranus is making its final entry into Taurus...** both setting the stage for some intrigue and shifts to occur (see box/next page).

KEY: Look at what is ready to be eliminated/completed in your life as this will help you to embrace the new cycle beginning at the equinox on 3/20.

To attune the cosmic energies in play: •Use your imagination and creativity to solve everyday challenges or issues. Listen to your intuition. Spend time in silence, prayer and/or meditation. Take note of synchronicities and coincidences. **Qualities to develop/focus on:** •Developing and trusting your intuition and inner knowing. Believing in yourself and your dreams. Forging links between your spiritual and your everyday lives. Unconditional love and compassion. Seeing/moving beyond boundaries. **What to be careful of:** •Being unrealistic and/or believing anything you hear or read. Becoming easily distracted or deceived (or being deceptive). Difficulty getting and staying focused. Feeling ungrounded or spacey. Not resting/retreating when needed. **What to be grateful for:** •Inspired and helpful messages and insights from your guides and inner teachers. Being in awe by the mystical and magical aspects of life. **What special opportunities to look for this month:** •Aligning/connecting with your higher self. Utilizing your imagination and creativity to be inspired and/or resolve problems. Embracing unconditional love and acceptance. Some important experience may occur that shifts your perspective in some key way. Feeling a renewal of faith and hope. Reflection, forgiveness, letting go and compassion are keys to making the most of this mystical time.

3rd>6th~Balsamic Moon Phase occurs 3+ days before the NM and is the most mystical time of month. It's easier to perceive gateways and portals. Use this time/energy to tap into what is deeply meaningful to you at a soul level.

6th~New Moon in 15°47' Pisces at 8:04 am

PT This is a VERY rare and mystical NM bringing insights and messages that can guide you during the next 6 months. Let go of the old cycle, habits and patterns in preparation for the new energies streaming forth at the equinox! **ASK: What am I being called to do? Miracles can occur now.** Also emphasized: Loving yourself/others; tolerance; surrender.

3/20~Full Moon/Super Moon at 0°09' Libra at 6:43 am PT The need for restoring balance and a much-needed sense of order is strong. Also emphasized: Legalities; fairness and equality; the law and justice systems which includes Divine Justice and the laws of karma. Collaborations, relationships and partnerships need some attention before moving forward. Topics may be related to values and finances.

Spiritual Focus for the Month

Key spiritual themes: Your spiritual path; Devotion and surrender. Renewal; faith.

Pisces is "The Light of the World that ends darkness in matter." ~Malvin Atley, Astrologer

Affirmation: I release old ways, beliefs and patterns that no longer serve my highest path.

Quote: "Every person is a doorway through which the Universal becomes individual."

Uranus enters Taurus until 7/7/2025

A lot is shifting on the etheric/energetic levels bringing greater LIGHT deeper into the physical realms. This can create big changes in several arenas as much is exposed and purged. Initially you may feel off or out of sorts as though something is happening but you're not quite sure what. Allowing a period of adjustment helps. Know that changing your priorities and values is at hand moving you towards a greater sense of aliveness and vitality. NOTE: The Earth is impacted by this event and increasing the possibilities of earthquakes, volcanic activity, extreme weather, etc.

:: March Events ::

3/1 Venus square Uranus (2/28>3/1*)

Can create chaos/uncertainty in relationship/partnership arenas. Freedom of all involved is needed. Avoid impulsive spending. Cycles complete. Shifts of energy abounds.

3/1 Venus enters Aquarius until 3/26

Moving into more independence in relationships is possible during this time. Concerns for the global family increase. Questions related to destiny of humanity may enter the conversation. "We are one" is the motto now.

3/5: Mercury stations retrograde in Pisces until 3/28

The mental meets the mystical. Mind delves into the inner realms seeking to release old mental patterns while also increasing faith and triggering inspiration and creativity. Very mystical; opens portals to higher dimensions. Can be spacy, hard to focus on practical matters. Trust your intuition and pay extra attention to messages from any source.

Helps with focusing and accomplishing the task before you. **Keys:** Connect with the Earth often AND "keep it simple"... don't make things more complicated than they are. One step at a time is a good motto now!

3/20 Sun enters Aries until 4/20

A new Solar cycle begins as you look out to the next year. Emphasized: Independence, who/what you identify with, the Life Pulse/vitality, beginnings, initiations, starting points.

3/28: Mercury stations direct Potentially very chaotic energy making it difficult to focus or get a grasp of what's really true/false. Feeling spacey, ungrounded, turned around are all likely. Extra rest and time in meditation helps. Avoid signing contracts/making agreements until early April.

3/30 Mars enters Gemini until 5/15 Stimulates the mental and thought processes. Lively conversations and dynamic communications are likely. Lots of ideas are flying around. Beware of becoming mentally over-stimulated.
